## Study where others spend their holidays!

### Academic German Year

The Academic German Year programme is an important building block of the university's strong international and multi-cultural orientation. It is directed at foreign students with little or no knowledge of the German language who intend to embark on a degree programme at the University of Passau or another German university.

At the end of the Academic German Year you will take the German Language Test for the Admission of Foreign Students to University (DSH). The course participants take intensive German classes five days a week, taught by experienced lecturers. The course is rounded off by fun and exciting extracurricular activities, guided by tutors who are also available to help the course participants with any questions or problems that might arise.

The **Academic German Year** consists of three modules:

**Module I:** Courses A1 and A2 (beginner's level)

**Module II:** Courses B1 and B2 (intermediate level)

**Module III:** Course C1 (advanced level) and preparatory course for the German examination DSH

24 teaching units per week (each unit lasting 45 minutes)

Course start: October (winter semester)

Course duration: 1 academic year

Number of places: 20 per course (maximum)

Programme fee: 3,490.00 euros

### Academic German Semester

For those of you who already have intermediate knowledge of German and do not wish to start with a beginner's course, the Academic German Semester is shorter than the Academic German Year programme, allowing you to meet the language requirements for enrolment at a German university in only one semester.

The **Academic German Semester** consists of two modules:

**Module II:** Course B2 (intermediate level)

**Module III:** Course C1 (advanced level) and preparatory course for the German examination DSH

24 teaching units per week (each unit lasting 45 minutes)

Course start: April (summer semester)

Course duration: 1 academic semester

Number of places: 20 per course (maximum)

Programme fee: 1,490.00 euros
